PROJECTS AND LEADERSHIP

Independent Research

Tallahassee, FL

“Gentrification and the Externalities of Qualified Opportunity Zones”

Current

- Utilize a differences-in-differences model structure to quantify externality effects of capital investment and physical development within Qualified Opportunity Zones at the census tract level from multiple database sources

Independent Research

Tallahassee, FL

“Racial Differences in Self-Reported Health Probabilities in the United States”

August 2021

- Utilize a logit model structure to show negative effects on the probability for self-reporting positive health categorization in minorities in the CDC’s annual BRFSS from 2011 – 2019, then establish a positive annual trendline after the implementation of the Affordable Care Act

President

Statesboro, GA

Athletic Professionals Group

January 2018 – December 2018

- Led a team of 7 board members to coordinate with various entities in the sports industry (ESPN, Atlanta Hawks, Jacksonville Jaguars, etc.) to arrange 8 volunteer and career development events per semester for undergraduate students

Treasurer

Statesboro, GA

Eagles Against Sex Trafficking

January 2018 – December 2018
